Electrical Request Form

If you require electricity, you must fill out this Electrical Request Form

AVAILABILITY AND REQUIREMENTS FOR LINCOLN PARK:

- 120V – 20 AMP per duplex outlet
- 220V – 50 AMP uses 4 wire plugs
 - Nothing is available for 30 AMP RV plugs, unless you have an adapter from a NOTE: Trailers/booths whose wiring are not in compliance with the National Electrical Code or are otherwise deemed unsafe due to deterioration, grounding, etc. will not be supplied electricity.
 - 220V – 50 AMP that changes over to a 120V – 30 AMP RV plug.
 - Use 220V hook-ups, if possible, to RV's for the best trouble-free connection.
 - You must provide your own extension cords, up to 100 ft.
 - Twelve (12) gauge wire is required on all extension cords.
 - One electrical cord for each appliance is required (example 1 cord per roaster, refrigerator, etc.) Power strips should NOT be used.
 - Electrical hook-ups will be allowed as available, but there are a limited number. Hook-ups will be allocated on a first come first served basis.

NOTE: Trailers/booths whose wiring are not in compliance with the National Electrical Code or are otherwise deemed unsafe due to deterioration, grounding, etc. will not be supplied electricity
